

Most single parents don't expect to become one.

Whether through the unexpected loss of a spouse, an unexpected pregnancy, or an unexpected divorce, in Iowa, 30% of children are being raised in a single parent home.

At Single Parent Provision, we recognize the unique needs of single parents, the heavy load they carry, and exist to shoulder that weight and walk with them on the journey. We continuously offer relevant programs, services, and events for them and their family. Having grown over 1,100% in the last seven years (serving 2,844 single parents and children in 2019 alone), we need those who desire to help support single parent families to join us. Here is a snapshot of how you can financially do that:

\$14/month (\$168/year) provides our programs, services, and events to one single parent or child we serve.

\$42/month (\$504/year) provides our programs, services, and events to three single parents or one family of three.

\$140/month (\$1,680/year) provides our programs, services, and events to 10 single parents or two families of five.

\$280/month (\$3,360/year) provides our programs, services, and events to 20 single parents or five families of four.

\$980/month (\$11,760/year) provides our programs, services, and events to 70 single parents or 35 families of two.

Please visit our website (singleparentprovision.org/donate) to make a donation or contact our office with any questions.

Thank you for getting involved and helping underscore the truth to single parents that they are single, not alone.
